

Q&A to RISE Request for Proposals:

1. Q: We aren't sure if you needed 1 or 2 basketball standards - or if there were specifications for those.

A: We are looking for 2 basketball standards, but we don't have any specifications for them (other than durable).

2. Q: On the basketball standard do you want it to be an adjustable standard, or a 10' non adjustable standard? Also do you want 1 or 2 hoops?

A: 2 hoops, and they do not need to be adjustable.
